

## ALPS FUND SERVICES NAMED TOP MUTUAL FUND ADMINISTRATOR – FOUR CONSECUTIVE YEARS

---

**Denver, CO, September 12, 2011**—ALPS Fund Services, Inc., a leading provider of asset servicing to the investment management industry, has been named the top administrator in North America by Global Custodian for the fourth straight year. The results were published in Global Custodian's "2011 Mutual Fund Administration Survey." Like last year, this year's results follow the success of the 2008, 2009 and 2010 surveys where ALPS received the same top honor.

Global Custodian, the leading magazine for the international securities services business, has published its Mutual Fund Administration Survey for nine years. The survey results are based entirely on feedback from mutual fund clients about the performance of their service providers.

"I would like to express our continued appreciation to our clients for providing feedback through the Global Custodian survey. Rated as the Number One Service Provider in North America is a reflection of our commitment to Do Things Right." stated **Ned Burke, CEO** of ALPS Holdings, Inc.

In addition, **Jeremy May, President** of ALPS Fund Services, Inc., stated, "It is one thing to achieve this honor in any given year, but it is another to consistently perform at this level year after year. This success is a testament to our loyal clients and dedicated employees."
